About Us

“ENGWAYS was established in 2007; our main target is to be one of the leading companies in UAE in providing Engineering, Procurement, Construction and Commissioning services of MEP and mainly HVAC works in commercial and industrial projects with potential clients.”

OUR CAPABILITIES

- ▶ ENGWAYS is specialized in Commercial and Industrial Projects . The projects executed include complete new installations, additional installation and refurbishment/ upgrade of existing installations. In all above cases, ENGWAYS specializations include engineering, procurement, construction, testing and commissioning of all systems including mechanical, Electrical & HVAC Equipment.
- ▶ ENGWAYS implement planning techniques that address all stages of the works. Engineering, procurement, construction and commissioning activities are lanned at the outset of the project. Periodic updating and reporting allow for corrective and preventive actions in time as the works proceed.
- ▶ ENGWAYS is a multidisciplinary Company, whereby the design, engineering, procurement, construction and commissioning activities are carried out in house. This capability provides ENGWAYS with the advantage of carrying out the coordination between the different disciplines and services in a precise and efficient manner that includes reviews, checks and in house approvals, which ensures that before any drawing or documents is issued to the client it is coordinated between the different disciplines/services.

Vision & Mission

OUR MISSION

ENGWAYS is committed to building excellence through partnership with our clients, consultants and customers by adhering to the highest quality and safety standards, delivering our projects on time and within budget.

Our success has its roots in policies to invest in innovation, technology, equipment and technical enhancement. We are dedicated to empowering our employees to provide them with rewarding careers and ensuring their growth.

We are devoted to their safety, health, job security and family welfare.

OUR VISION

ENGWAYS aim to be recognized as a leading and specialized contracting company delivering premium quality services and projects unparalleled in the industry.

OUR VALUES

- ▶ Integrity
- ▶ Customer satisfaction
- ▶ Building partnerships
- ▶ Ethical and professional constructional services
- ▶ Sustained efforts to enhance customer value and quality construction

Areas of Expertise

ENGWAYS recognizes its human capital for its solid reputation in the UAE, and its prestigious list of clients. With the main rule of conduct since our inception to remain cost-efficient and reliable.

In everyday of work, our customer's organization process decisions, to reach certain goals. These Goals have to be aligned throughout the employees and resources of the organization. At Engways we ask and listen to understand the desired goals. Then we address with the customer specific project goals. We delegate the right team of specialists that align to the customer's goals, to be able to integrate the right technology solutions to achieve these goals.

Engways work hand-in-hand with top technology providers to prepare comprehensive solutions to support client operations, to focus on their core business and reach their corporate goals.

Education

2021-08

Bachelor of Science: Mechanical Engineering

Balqaa Applied University - Amman, Jordan

- 3.05 GPA
- Graduation project consisted of designing HVAC systems for a hotel in Amman

Additional Information

Extensive knowledge in the automotive industry. I possess the ability to diagnose malfunctions in most automobiles, which came in handy during a successful venture during which I bought and re-sold used cars. This side career developed my salesmanship skills, my general social skills, and my business development skills.

Co-Founded a startup that specializes in automotive services while minimizing consumer's out of pocket cost and effort.
